

# ART OF MENTORING

If you are a mentor or would like to consider becoming one, please register today and join us at one of our offerings in 2020. This workshop is an evening dinner meeting which will give mentors tools and resources to successfully on-board our new clinician colleagues. The workshop focuses on communication skills and has a general overview about what it means to be a mentor and what great value it brings to our organization. Navigating through our large system while learning the culture can be stormy for new clinicians and mentors can make a world of difference! This program helps clarify expectations of the mentor role while providing tools to assist throughout the journey.

Thursday, Nov. 12, 2020

6:00 to 7:30pm

Session will be livestreamed

*Participants will receive a link  
prior to the course*
