

RUNNING YOUR PROJECT

A Toolkit for Being Effective,
Efficient, and Successful

This 2 session course will introduce a practical set of project management skills for daily work, offer tips on how to use meetings to get work done, and introduce participants to the benefits of “lean thinking” principles and how to put them into practice for success.

November 20, 2020

8:30a - 10:30a

&

December 11, 2020

8:30a - 10:30a

Livestream on Zoom

Participants will receive a Zoom
