

Saving TIME: Tools to Improve My Efficiency

Introducing on-line learning CME for clinicians in the clinic setting

Improve patient experience and clinical effectiveness and earn CME credit – with a new Saving TIME created just for *you*

Practice using new tools, new techniques and new ideas so you can go through your day more efficiently. By completing this activity, you can also earn 6 *AMA PRA Category 1 credits™* and 6 hours towards CEO days.

Program overview

Go on-line to begin learning more about tools and resources you use every day. You will view brief video demonstrations from NWP experts to illustrate and reinforce tools most of you use. You will print off the roadmap to track your progress. Complete each module's homework assignment and reflect on its effect on you and your patients. You can complete all the modules at your own pace. This learning program will assist you to systematically apply evidence-based communication skills until they become habit.

This self-paced, self-directed learning program requires you to meaningfully complete each module of the program to receive CME credit. Please read the following instructions before registering.

Steps to complete

Set aside 30 minutes to watch each module and complete the homework and questions.

1. Go to the web page below and print out the roadmap to keep track of your progress.
2. Watch a short introduction video with Kelly George, MD.
3. Submit the attestation for each module after completing all the components.
4. When you have finished all the modules you will fill out the final attestation survey to claim credits.

For technical support, please contact Chad Mills – Chad.C.Mills@kp.org
